

SESA Call for Entrepreneurs

Siemens Stiftung, on behalf of the **Smart Energy Solutions for Africa (SESA)** consortium, is inviting local entrepreneurs from Ghana, Malawi, Morocco and South Africa to apply for the SESA Call for Entrepreneurs, targeting small and medium-sized enterprises with a focus on sustainable energy solutions. Women-led enterprises are particularly encouraged to apply.

This **Call for Entrepreneurs** focuses primarily on Productive Use of Energy (PUE) solutions with the overall aim to contribute to reliable, affordable and sustainable energy access for rural communities across Africa.

Are you a social entrepreneur focusing on sustainable energy solutions based in Ghana, Malawi, Morocco or South Africa?

Are you looking to scale your energy innovation?
If so, this opportunity is not to be missed.

Applications open from
26th September
until
20th November

Benefits of applying

-  Up to €70,000 per selected business
-  Customised incubation program
-  Mentoring and training
-  Business development
-  Technology support
-  Visibility

Apply now if you are...

- Registered in **Ghana, Malawi, Morocco or South Africa**
- Officially in operation for at least two years and generating revenues
- Testing innovative products or services with a focus on Productive Use of Energy
- Creating jobs and income opportunities
- Striving towards social and environmental sustainability

Take a look at your respective country challenge for further information.
